# Customer Note 12ᵗʰ April

- The IABC company liked our site and the work we did which completes all their requirements.
- The company liked the homepage with different blocks of EVENTS and CAREERS.
- They also liked the Jetpack plugin used whose focus is mainly on security, performance and marketing.
- Website is secured.
- The IABC also liked the search bar on the main page as they required.
- The company wanted a perfectly stacked content in the home page which is understandable and accessible.
- The mobile and tablet version are exactly same as the desktop one and are super easy and simplified for user to navigate.
- For future MVP maybe look into more community-oriented solutions.
- IABC had mixed feelings on comments

## ❖ Career Page

- The IABC company like our Career page.
- Provided useful links are enough however, there should be more interview tips to be mentioned.
- Advertisement posting fee's collection is good.
- Payment option provided on the same page as they asked and it only works if all the required fields are filled.
- Look into SSL and other security requirements

## ❖ Events Page

- The company provided good reviews on our Events page.
- The company liked the filters of the events according to yearly, monthly, weekly and daily basis.
- The IABC liked add to google calendar and I-calendar.
- They also liked count down feature on the events posted.

## ❖ About us Page

- Maybe have expand menus for bios, to save from information overload.
